# PRODUCT SHEETS

*Regulation (EU) 2023/988*

ZENITH®

Coccoina®

MADE IN ITALY

November 2026

*In the field of communication Balma, Capoduri & C. spa has always paid particular attention to the realisation of leaflets, instruction sheets and catalogues which are able to clearly explain the characteristics, the functioning and the advantages offered by the* ZENITH *and* Coccoina *products.*

*The packages, made mainly using the colours that characterise our two lines - red for* ZENITH *trademark, blue for* Coccoina *- show images which are able to make the content of each box easily and immediately recognisable.*

*All packaging, from the cartons to the single boxes conceived for the points of sale, are planned and realised in a functional manner, in order to limit weights and volumes to the minimum necessary, avoiding any oversizing and at the same time guaranteeing a proper protection for the products.*

*"Sustainability", which has always been an essential and indispensable value of our business, is expressed in the social, economic and environmental fields, and is for us also synonymous with durability.*

*In fact, our products are designed and manufactured to last over time, they are tested one by one and GUARANTEED FOR LIFE… in sharp contrast to the logic of "disposable"!*

*In an era of easy relocation, the products of the* ZENITH *and* Coccoina *ranges continue to give a concrete example of what it means to be* MADE IN ITALY *and to be proud of it; for this reason we have decided to print on all the boxes of our products a mark clearly stating that they are really, totally and proudly Italian.*

*These product sheets are intended to communicate in a simple way the structural and technical/functional features of our products, pointing out the many advantages that our products are able to offer to an increasingly demanding end-user in terms of performance, durability and good functioning.*

*We believe that the best and deepest knowledge of our products can guarantee a decisive competitive advantage, in front of end-users who are increasingly careful to concretely verify what is "promised" by the many different offers on the market.*

*November 2026*

*Balma, Capoduri & C. s.p.a.*

***REGULATION (EU) 2023/988 ON GENERAL PRODUCT SAFETY***

***Manufactured Products by "Balma, Capoduri & C. s.p.a."***

*In light of the new Regulation (EU) 2023/988, effective from December 13, 2024, concerning the general safety of products intended for final consumers, Balma, Capoduri & C. is primarily classified as a "manufacturer" of mechanical office accessories, branded* ZENITH *desktop accessories, and branded* Coccoina *stationery and paper products.*

*The products, manufactured in Italy and placed on the market, are made in compliance with the Regulation, with particular attention to* ***Article 9 (manufacturer obligations),*** *considering the operational conditions and the intended uses of the products.*
*Balma, Capoduri & C. has fulfilled the obligation of* ***internal risk assessment*** *pursuant to Article 9, paragraph 2, of Regulation 2023/988.*

***Products "ETONA", "MAX", "CARL", and "Bilcom"***
*(exclusively distributed in Italy by "Balma, Capoduri & C. s.p.a.")*

In light of the new Regulation (EU) 2023/988, effective from December 13, 2024, concerning the general safety of products intended for final consumers, Balma, Capoduri & C. assumes the role of **"importer"** and **"distributor"** of items under the brands ETONA , CARL , MAX e Bilcom.

The products, imported and distributed in Italy and placed on the market, are made in compliance with the Regulation, with particular attention to **Articles 11 (importer obligations)** and **12 (distributor obligations)**, considering the operational conditions and the intended uses of the products.
As an importer/distributor, Balma, Capoduri & C. has verified compliance with the **general safety obligation** provided for in Article 5, and ensured that the manufacturer complies with the provisions of Article 9, paragraphs 2, 5, and 6 of Regulation 988/2023.

* * * * * * * * * * * * * * * * * * * * * * *

Considering the above, no responsibility is accepted for any direct or indirect damage to persons or property resulting from transport, storage, or other activities carried out by the distributor/retailer/customer, or from any substantial modification of the product or alteration of safety conditions made by third parties.

*November 2026*

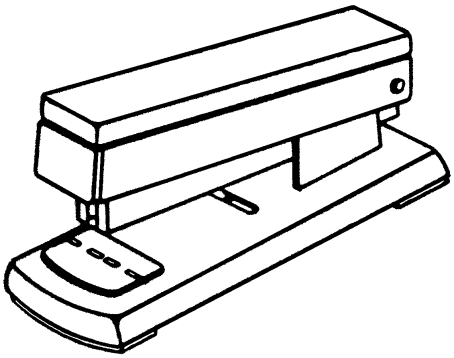
# "ZENITH" 500
## DESK STAPLER



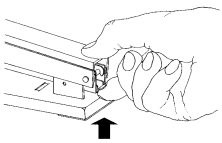
## Materials:
- metal base and body with rubberized anti-scratch feet
- ABS anti-shock plastic cap
- lead free enamel painting highly resisting wear and corrosion

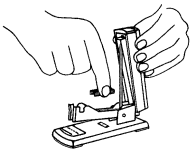
MADE IN ITALY

### Technical / functional features:

| | | |
|---|---|---|
| • **Stapling:** |  | |
| • **Staple type:** | 24/6 - 24/8 | 26/6 - 26/8 |
| • **ZENITH staple ref.:** | 515-115 | 512-112 |
| • **Loading capacity (N° of staples):** | 100 | 150 |
| • **Stapling capacity (N° of sheets - 80 g/sqm):** | 20 (24/6 - 26/6 staples) | 35 (24/8 - 26/8 staples) |
| • **Max. stapling depth (for paper insertion):** | 70 mm |  |
| • **Colours:** | BLACK - GREY | |
| • **Packaging:** | box containing a stapler and a box of "ZENITH" staples ref. 515 | |
| • **Box dimensions:** | 15 x 6,7 x 6,5 cm | |
| • **Weight:** | 335 g (net) / 425 g (gross, including a box of "ZENITH" staples ref. 515) | |
| • **N° of items per carton:** | 60 (packets of 5 pieces) | |
| • **Carton dimensions:** | 47 x 38 x 35 cm (AxBxC) |  |
| • **Carton weight:** | 25,5 Kg | |

**Loading system:** top loading; pull-up the cap and insert staples





**Patented anti-jamming device.**

**Descriptive notes:**
"ZENITH" 500 offers good performance with respect to stapling capacity and depth so that it is perfectly suitable for any kind of office work.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each stapler is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

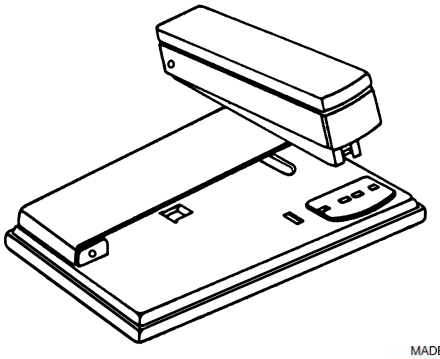
**In addition:** "ZENITH" 500 is light and easy to use because of its practical top loading system and is perfect for all stapling requirements. It offers the possibility to staple in three different ways and it can also be used as a tacker.

### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of hand pinching during staple loading.

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Use caution when loading the staples;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 502
## DESK STAPLER

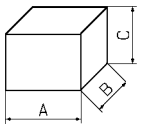


## Materials:
- metal base and body
- anti-scratch rubber base pad
- ABS anti-shock plastic cap
- lead free enamel painting highly resisting wear and corrosion

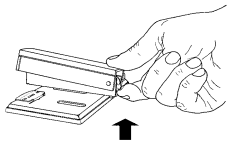
MADE IN ITALY

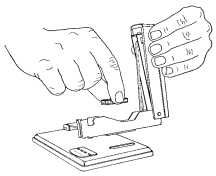
### Technical / functional features:

| | | |
|---|---|---|
| • **Stapling:** |  | |
| • **Staple type:** | 24/6 - 24/8 | 26/6 - 26/8 |
| • **"ZENITH" staple ref.:** | 515-115 | 512-112 |
| • **Loading capacity (N° of staples):** | 100 | 150 |
| • **Stapling capacity (N° of sheets - 80 g/sqm):** | 20 (24/6 - 26/6 staples) | 35 (24/8 - 26/8 staples) |
| • **Max. stapling depth (for paper insertion):** | 108 mm |  |
| • **Colours:** | BLACK - GREY | |
| • **Packaging:** | box containing a stapler and a box of "ZENITH" staples ref. 515 | |
| • **Box dimensions:** | 16,5 x 14,5 x 7,5 cm | |
| • **Weight:** | 530 g (net) / 660 g (gross, including a box of "ZENITH" staples ref. 515) | |
| • **N° of items per carton:** | 30 (packets of 2 pieces) | |
| • **Carton dimensions:** | 47 x 38 x 35 cm (AxBxC) | |
| • **Carton weight:** | 20 Kg | |



**Loading system:** top loading; pull-up the cap and insert staples



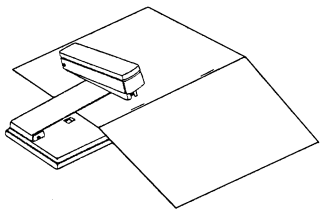


**Patented anti-jamming device.**

**Descriptive notes:**
"ZENITH" 502 gives the same, good performance of the "ZENITH" 500 and is perfect for any kind of office work.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each stapler is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

**In addition:** as a result of its great stapling depth of 108 mm, the "ZENITH" 502 can staple precisely along the fold of the sheets (even for large-sized sheets - see picture); therefore, it is practical and handy to use for pamphlets, booklets etc.

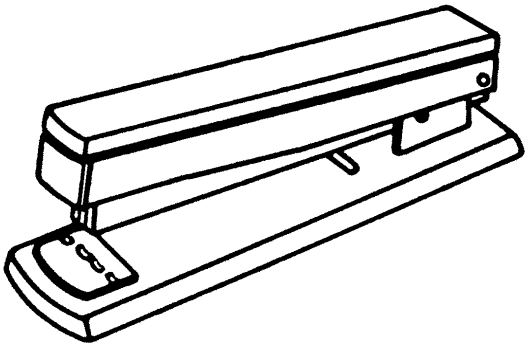


### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of hand pinching during staple loading.

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Use caution when loading the staples;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 578
## DESK STAPLER

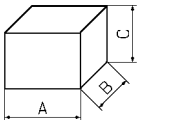


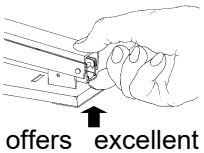
## Materials:
- metal base and body with rubberized anti-scratch feet
- ABS anti-shock plastic cap
- lead free enamel painting highly resisting wear and corrosion

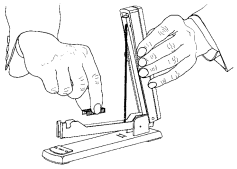
MADE IN ITALY

### Technical / functional features:

| | | |
|---|---|---|
| • **Stapling:** |  | |
| • **Staple type:** | 24/6 - 24/8 | 26/6 - 26/8 |
| • **"ZENITH" staple ref.:** | 515-115 | 512-112 |
| • **Loading capacity (N° of staples):** | 200 | 250 |
| • **Stapling capacity (N° of sheets - 80 g/sqm):** | 20 (24/6 - 26/6 staples) | 35 (24/8 - 26/8 staples) |
| • **Max. stapling depth (for paper insertion):** | 130 mm |   |
| • **Colours:** | BLACK - GREY | |
| • **Packaging:** | box containing a stapler and a box of "ZENITH" staples ref. 515 | |
| • **Box dimensions:** | 21 x 6,4 x 6,6 cm | |
| • **Weight:** | 445 g (net) / 540 g (gross, including a box of "ZENITH" staples ref. 515) | |
| • **N° of items per carton:** | 30 (packets of 3 pieces) | |
| • **Carton dimensions:** | 43,5 x 36 x 27 cm (AxBxC) | |
| • **Carton weight:** | 17 Kg | |







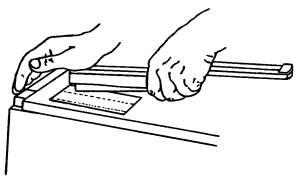
**Loading system:** top loading; pull-up the cap and insert staples

**Patented anti-jamming device.**

**Descriptive notes:**
Technically efficient and aesthetically pleasing, "ZENITH" 578 offers excellent performance, particularly with respect to the capacity and stapling depth.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each stapler is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

**In addition:** as a result of its exceptional loading capacity (up to 250 26/6 and 26/8 staples), "ZENITH" 578 is an inexhaustible stapler; the great stapling depth of 130 mm makes "ZENITH" 578 suitable for all stapling needs.
It can also be used as a tacker.



### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of hand pinching during staple loading.

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Use caution when loading the staples;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 520/E

MADE IN

### Technical / functional features:

| | | | |
|---|---|---|---|
| • **Stapling:** |  | | |
| • **Staple type:** | 24/6 | 24/8 | 24/10 |
| • **"ZENITH" staple ref.:** | 515 - 115 | | |
| • **Loading capacity (N° of staples):** | 50 | | |
| • **Stapling capacity (N° of sheets - 80 g/sqm):** | 20 | 35 | 40 |
| • **Max. stapling depth (for paper insertion):** | 70 mm |  | |
| • **Colour:** | ALUMINIUM | | |
| • **Packaging:** | box containing a stapler and a box of "ZENITH" staples ref. 515 | | |
| • **Box dimensions:** | 12 x 6,3 x 9,4 cm | | |
| • **Weight:** | 290 g (net) / 380 g (gross, including a box of "ZENITH" staples ref. 515) | | |
| • **N° of items per carton:** | 60 (packets of 5 pieces) | | |
| • **Carton dimensions:** 47 x 38 x 35 cm (AxBxC) |  | | |
| • **Carton weight:** 23,5 Kg | | | |

**Loading system:** rear loading, with extractable pusher

**Patented anti-jamming device.**

### Descriptive notes:
"ZENITH" 520/E is a strong stapler with simple but smartly ronded lines; it uses the traditional rear loading system with extractable pusher.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each stapler is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

**In addition:** "ZENITH" 520/E as well as offering the possibility of stapling in three different ways to satisfy all user's needs, it can also use the 24/10 staples (lenght of the legs 10 mm) to staple easily up to 40 sheets!

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 50 staples (1 block).

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Use caution when loading the staples;
- Do not leave the stapler within reach of children without adult supervision.

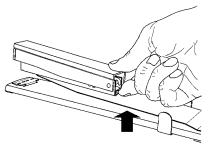
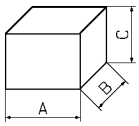
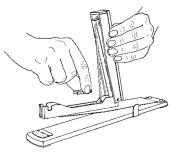
**Loading system:** top loading; pull-up the cap and insert staples







**Patented anti-jamming device.**

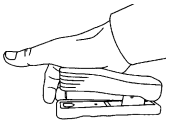
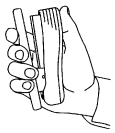
**Descriptive notes:** "ZENITH" ref. 501 combines the best features of the whole range of "ZENITH" staplers: reliability, precision, strength, elegance, easy loading system, sweet stapling.

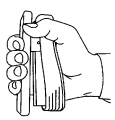
**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each stapler is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

**In addition:** it may be used as desk-stapler but also, with equal comfort, as a plier-stapler, thanks to its well designed dimensions, the refined ergonomics of the base and to the short distance between the base and the upper surface of the cap. The colours choice is wide: black, red, green, transparent red, transparent blue, transparent yellow cap combined with the grey base.
It is available in two packages to allow the best display at every point of sale: box version supplied with 1500 "ZENITH" staples ref. 112/Z (26/6) in zincplated wire and double-valve blister (named “Shell”) supplied with 1000 "ZENITH" "MIL" staples ref. 515 (24/6) in natural wire.

It can also be used as a tacker.





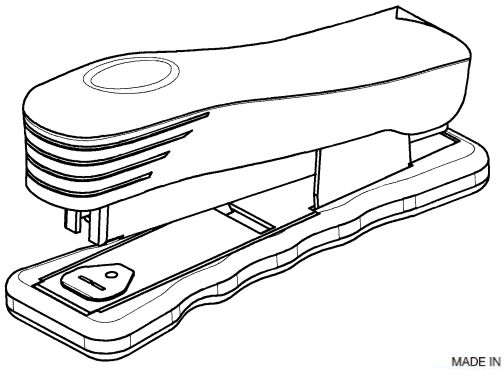


### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of hand pinching during staple loading.

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Use caution when loading the staples;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 501/E
## DESK STAPLER



## Materials:
- metal body and mechanical parts
- lead free enamel painting highly resisting wear and corrosion
- anti-sliding rubber base
- ABS anti-shock cap

MADE IN ITALY

### Descriptive notes:
"ZENITH" 548 is remarkable for its technical and aesthetical perfection and it is a nice and functional work tool.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** features like its fine accuracy, finishing, painting in four smart colours and the possibility to choose between permanent or temporary stapling, make "ZENITH" 548 the top plier stapler of the "ZENITH" family.

"ZENITH" 548 can also staple with the "ZENITH" staples ref. 130/Z6 (length of legs 6 mm) up to 30 sheets!

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

## Descriptive notes:

The Pastel version of the "ZENITH" stapler ref. 548/E is available in three modern nuances of colour combinations, i.e. pink, yellow and light blue, in new boxes specially realised. These are scarcely saturated, non-metallic colours, that evoke the pastel hues of the 1950s, with a "super-matt" finish that conveys a "velvet-feel". The technical and functional characteristics are the same as for the "ZENITH" stapler ref. 548/E. For the introduction in the point of sale, there is also a small and practical desk display, ref. 548/E Pastel ESP 6, containing six staplers assorted in the three colours.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** "ZENITH" 548/E has been improved over the years through many technical innovations unknown to the end user but useful to enhance its already envious perfection.
Today it is offered in five nice colour combinations to meet the tastes of every customer.

"ZENITH" 548/E Pastel can also staple with the "ZENITH" staples ref. 130/Z6 (length of legs 6 mm) up to 30 sheets!

## Product Safety (Regulation (EU) 2023/988):

**Risks**

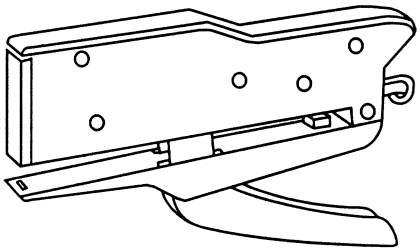
- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**

- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 548/E Antibacterial

## PLIER STAPLER



## Materials:

- made entirely in painted metal with nickel-plated finishing
- lead free and cadmium-free enamel painting highly resisting wear and corrosion and with highly functional additive for releasing silver ions

### Technical / functional features:

**Patented anti-jamming device.**
The **plier directions** are on the back of the packaging.

### Descriptive notes:

"ZENITH" stapler 548/E Antibacterial maintains all the technical and functional characteristics of the 548/E "ZENITH" stapler, leader in the office and used every day by millions of users who are satisfied with its quality, practicality, strength and endless capacity to function, even after years of continuous use. The special additive for releasing highly functional silver ions allows the formation of a protective film on the whole stapler, which is resistant to attacks by strains of **Gram-negative** and **Gram-positive bacteria** such as **Escherichia Coli** and **Staphilococcus Aureus.**

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** The very high antibacterial resistance, evaluated according to ISO 22196 - 2011, does not interfere with the performances of the stapler, which is therefore suitable to be used in environments that require specific prevention and resistance to bacterial proliferation.

"ZENITH" 548/E Antibacterial can also staple with the "ZENITH" staples ref. 130/Z6 (length of legs 6 mm) up to 30 sheets!

### Product Safety (Regulation (EU) 2023/988):

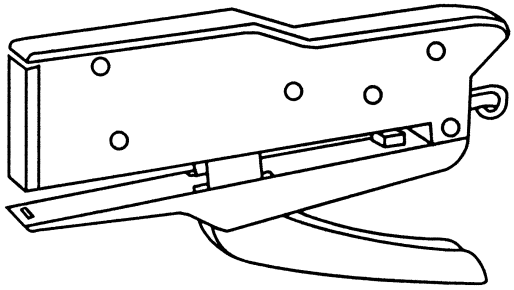
**Risks**

- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**

- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 548/E JEANS
## PLIER STAPLER



## Materials:

- made entirely in painted metal with nickel-plated finishing
- lead free enamel painting highly resisting wear and corrosion, applied with a special procedure

### Technical / functional features:

MADE IN ITALY

**Loading system:** rear loading, with extractable pusher

**Patented anti-jamming device.**
The **plier directions** are on the back of the packaging.

### Descriptive notes:

The JEANS version of the "ZENITH" stapler ref. 548/E has aesthetic characteristics and colour shades similar to the Denim fabric, the fabric of Jeans trousers. Even the surfaces of the body and of the handle have a light, pleasant roughness, which reminds of that fabric. Thanks to the special application procedure of enamels of different colours, each piece, in terms of hue and shades, appears different from the others, thus becoming essentially unique! It is a special limited edition, accompanied by a nice packaging which presents the product in an original way; moreover, a small cardboard inserted inside (that resembles a jeans label) best illustrates its special characteristics. The technical and functional features are the same as the standard ZENITH 548/E.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** "ZENITH" 548/E has been improved over the years through many technical innovations unknown to the end user but useful to enhance its already envious perfection.

"ZENITH" 548/E JEANS can also staple with the "ZENITH" staples ref. 130/Z6 (length of legs 6 mm) up to 30 sheets!

### Product Safety (Regulation (EU) 2023/988):

**Risks**

- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**

- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" RAW

**Patented anti-jamming device.**
The **plier directions** are on the back of the packaging.

### Descriptive notes:

ZENITH 548/E RAW features a matt, shaded finish which reminds of a “denim” effect, reinterpreted in a dark grey tone.
The slightly rough surface gives the product a bold, minimalist look, inspired by essential design and simple lines. It comes in a special packaging, expressly realized, made of plain kraft cardboard. Each piece displays slight variations in shading, making every stapler virtually unique! The technical specifications and performance remain the same as the other ZENITH 548/E staplers.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** "ZENITH" 548/E has been improved over the years through many technical innovations unknown to the end user but useful to enhance its already envious perfection.

"ZENITH" 548/E RAW can also staple with the "ZENITH" staples ref. 130/Z6 (length of legs 6 mm) up to 30 sheets!

### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

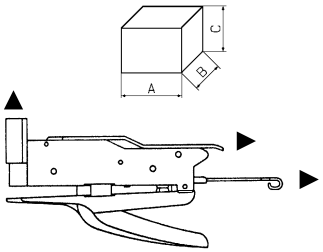
| • **Loading capacity (N° of staples):** | 100 | 100 |
| • **Stapling capacity (N° of sheets - 80 g/sqm):** | 15 | 30 |
| • **Max. stapling depth (for paper insertion):** | 47 mm |  |
| • **Colour:** | ALUMINIUM | |
| • **Packaging:** | box containing a stapler and<br>a box of "ZENITH" staples ref. 130/E | |
| • **Box dimensions:** | 15,4 x 8,7 x 1,6 cm | |
| • **Weight:** | 245 g (net) / 290 g (gross, including a box of "ZENITH" staples ref. 130/E) | |
| • **N° of items per carton:** | 60 (packets of 10 pieces) | |
| • **Carton dimensions:** | 32,5 x 27 x 21 cm (AxBxC) | |
| • **Carton weight:** | 17,5 Kg | |



**Loading system:** rear loading, with extractable pusher

**Patented anti-jamming device.**
The **plier directions** are on the back of the packaging.

**Descriptive notes:**
"ZENITH" 548/E2 offers the same performance of "ZENITH" 548 making it a strong and reliable stapler.
The only difference is the finishing in nickel-plated metal.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** "ZENITH" 548/E2 offers the possibility to choose between permanent or temporary stapling; in the latter it is easy to remove the staple even without the staple-remover.

"ZENITH" 548/E2 can also staple with the "ZENITH" staples ref. 130/Z6 (length of legs 6 mm) up to 30 sheets!

### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

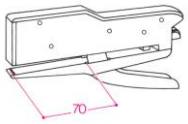
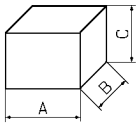
| • **Staple type:** | 24/6 | 24/8 |
| • **"ZENITH" staple ref.:** | 515 - 115 | 515/8 - 115/8 |
| • **Loading capacity (N° of staples):** | 150 | |
| • **Stapling capacity (N° of sheets - 80 g/sqm):** | 20 | 35 |
| • **Max. stapling depth (for paper insertion):** | 70 mm | |



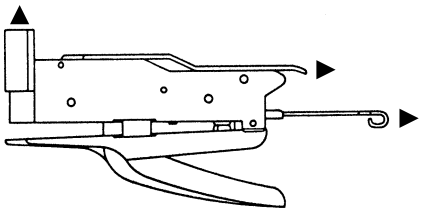
| | |
|---|---|
| • **Colours:** | GREY/LIGHT GREY - ALUMINIUM |
| • **Packaging:** | box containing a stapler and a box of "ZENITH" staples ref. 515 |
| • **Box dimensions:** | 18,7 x 10,4 x 2,2 cm |
| • **Weight:** | 435 g (net) / 530 g (gross, including a box of "ZENITH" staples ref. 515) |
| • **N° of items per carton:** | 30 (packets of 5 pieces) |
| • **Carton dimensions:** | 33,5 x 25 x 21,5 cm (AxBxC) |
| • **Carton weight:** | 16 Kg |



**Loading system:** rear loading, with extractable pusher

**Patented anti-jamming device.**

The **plier directions** are on the back of the packaging.



### Descriptive notes:
"ZENITH" 551 is a very strong plier stapler suitable not only for paper but also for thincards, cardboard and so on, especially when the user prefers the easy handling of a plier stapler rather than a desk stapler.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-guarantee for manufacturing defects.***

**In addition:** "ZENITH" 551 combines versatility with exceptional strength, considerable stapling capacity (up to 35 sheets) and good loading capacity up to 150 staples.

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of finger pinching in the stapling area;
- Remote risk of being hit by the staple pusher if it is inserted while the stapler already contains more than 100 staples (2 blocks).

**Recommendations**
- Avoid inserting fingers into the stapling area while using the stapler;
- Avoid loading the stapler with more than 100 staples (2 blocks) to prevent accidental ejection of the staple pusher;
- Do not leave the stapler within reach of children without adult supervision.

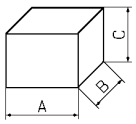
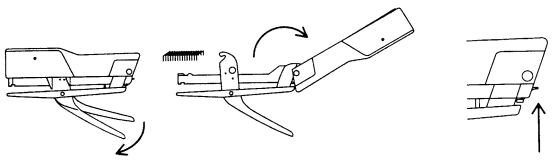
| • **Carton weight:** | 13 Kg | |



**Loading system:** top loading; pull-down the handle, pull-up the cap and insert staples



**Patented anti-jamming device.**
The **plier directions** are on the back of the packaging.

### Descriptive notes:
"ZENITH" 595 is the result of over 80 years of Balma, Capoduri's experience in manufacturing staplers. "ZENITH" 595 combines qualities of great strength, unique lightness and incredible effortless usage for handy and easy use by everyone, particularly for works of a certain care such as stapling cardboard, thincards etc.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each plier stapler is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

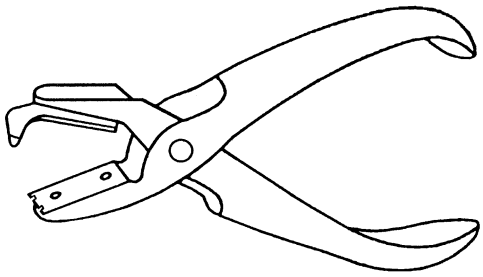
**In addition:** it is easy to use because of the top loading system, where you simply pull-up the cap; unique in its kind, "ZENITH" 595 can staple indifferently with four staple types: 24/6 - 24/8 (loading capacity of 200 staples), 26/6 - 26/8 (loading capacity of 250 staples). It is even more effortless when using 26/6 and 26/8 staples.

### Product safety (Regulation (EU) 2023/988):

**Risks**
- remote risk of finger pinching in the stapling area;
- remote risk of crushing your hand during the loading of the staplers.

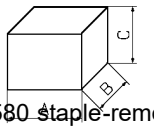
**Recommendations**
- Avoid inserting your fingers into the stapling area while using the stapler;
- Use caution when loading the stapler;
- Hold the stapler firmly open, locking the guide and cap with the palm and back of your hand, avoiding accidental closures;
- It is suggested to load the stapler with n. 4 blocks (200 staples);
- Do not leave the stapler within reach of children without adult supervision.

# "ZENITH" 580
## STAPLE-REMOVER



**Materials:**
- made in nickelated iron with small beak and plate with incisions in hardened and nickelated steel

| | |
|---|---|
| **Weight:** | 78 g (net) / 95 g (gross) |
| **Box dimensions:** | 14,2 x 7,5 x 1,5 cm |
| **N° of items per carton:** | 240 (packets of 10 pieces) |
| **Carton dimensions:** | 48 x 30 x 35,5 cm (AxBxC) |
| **Carton weight:** | 23 Kg |



**Descriptive notes:** in spite of many imitations in Italy and abroad, "ZENITH" 580 staple-remover can be considered "unique" for its technical and aesthetical perfection, accuracy, high degree of finishing and its well researched handle design.

**In addition:** the steel parts which extract the staples,( e.g. wedge-shaped small beak and incision plate), make the "ZENITH" 580 work perfectly practically for ever and maintain its exceptional performance over the years. "ZENITH" 580 easily removes both "ZENITH" ref. 515-112-130 staples and other staples of different standard.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each staple-remover is tested piece by piece. ***Life-guarantee for manufacturing defects.***

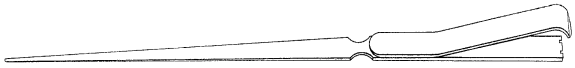
# "ZENITH" 585
## STAPLE-REMOVER AND LETTER OPENER

**Materials:**
- small beak and plate with incisions in hardened and nickelated steel
- nickelated iron blade



| | |
|---|---|
| **Weight:** | 44 g (net) / 55 g (gross) |
| **Box dimensions:** | 26 x 3 x 1,8 cm |
| **N° of items per carton:** | 10 |

**Descriptive notes:** for those who like nice and practical things, "ZENITH" 585 offers a unique product combining a smart letter opener and an efficient staple-remover, perfectly suitable to easily remove "ZENITH" ref. 515-112-130 staples and other staples of different standard.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each staple-remover is tested piece by piece. ***Life-guarantee for manufacturing defects.***

## Product safety (Regulation (EU) 2023/988):

**Risks**
- Remote risk of finger pinching in the staple removal area;
- Remote possibility, in the case of the "ZENITH" 580 staple remover, of the spring breaking due to prolonged improper use (e.g., using it as a lever);
- Possibility of injury from improper use of the blade on the "ZENITH" 585 letter opener staple remover, although the blade is not sharp;
- Possibility of allergic reactions in individuals with specific allergies.

**Recommendations**
- Avoid inserting fingers into the staple removal area;
- Avoid improper use the staple removers;
- In case of nickel allergy, avoid use by allergic individuals. If necessary, wear appropriate skin protection equipment (PPE);
- Do not leave the staple remover within reach of children.

# "ZENITH" 580 GOLD
## STAPLE-REMOVER

**Materials:**
- made in nickelated iron with small beak and plate with incisions in hardened and nickelated steel
- golden finishing (24 carats)

| | |
|---|---|
| **Weight:** | 78 g (net) / 116 g (gross) |
| **Box dimensions:** | 17 x 11 x 1,7 cm |

**Descriptive notes:** unique article for technical and aesthetic perfection, manufacturing procedures, ergonomic handle, high degree of finishing embellished in the "Gold" version with careful gold.plating and an elegant box.

**In addition:** the steel parts which extract the staples (i.e. the wedge-shaped small beak and the incision plate), make the "ZENITH" 580 work perfectly practically for ever and maintain its exceptional performance over the years. "ZENITH" 580 easily removes "ZENITH" staples ref. 515-112-130 and other staples of different standards.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each staple-remover is tested piece by piece. ***Life-guarantee for manufacturing defects.***

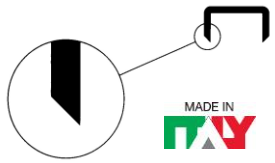
**Notes:** for effortless stapling and good working of your staplers, "ZENITH" staples are remarkable for the high quality of the wire and for the particular grinding of the legs end, ensuring a better penetration. The high quality standard is the result of accurate production techniques and strict controls during the manufacturing and packing phases. This range offers many staple sizes and different types of wire suitable for any stapling need, for example, **zincplated wire** which gives better resistance to oxidization; **light aluminium alloy**, non-magnetic and anti-rust, ideal for little dossiers, used also to staple sheets of ply-wood without damaging the tools and **Monel alloy** (nickel and copper with traces of other metals) which is widely used for photographic development because of its resistance to acid solutions.



**Product Safety (Regulation (EU) 2023/988):**

**Risks**

- Remote risk of being pricked during stapling;
- Remote risk of ingestion.

**Recommendations**

- Avoid inserting fingers into the stapling area during use;
- Avoid stapling in ways that may bring staples into direct contact with food;
- Do not leave staples within reach of children.

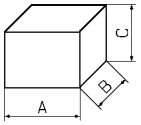
## CORNER CLIPS

**Materials:**
- made in stainless steel

MADE IN ITALY

### Technical / functional features

| | |
|---|---|
| **Corner clips per box:** | 50 |
| **Box weight:** | 35 g (gross weight) |
| **Box dimensions:** | cm 6,7 x 5,4 x 3 |
| **No. of boxes per carton:** | 96 (packets of 8 boxes) |
| **Carton dimensions:** | cm 30 x 20 x 17,5 (AxBxC) |
| **Carton weight:** | 3,7 Kg. |



### Descriptive notes:
Innovative corner clips of triangular shape, called "Fermangoli" (registered trademark), whose novelty is in the material used (stainless steel) and also the fact that in addition to keeping the sheets together, thanks to their inclined side of 60° they allow to turn the pages easily, keeping them well firm in their place.
The box in its original design contains 50 pcs. and may be used as a dispenser too.
The blister version is also already available (ref. 815 blister - one box per blister).

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of ingestion.

**Recommendations**
- Do not leave corner clips within reach of children.

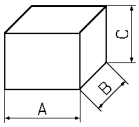
| **Carton weight:** | 3,7 Kg. |



## Descriptive notes:

A simple and at the same time innovative shape, to keep the sheets together but also turn them easily. These are the ZENITH GOLD corner clips, now also available in a simply special version.

## Product Safety (Regulation (EU) 2023/988):

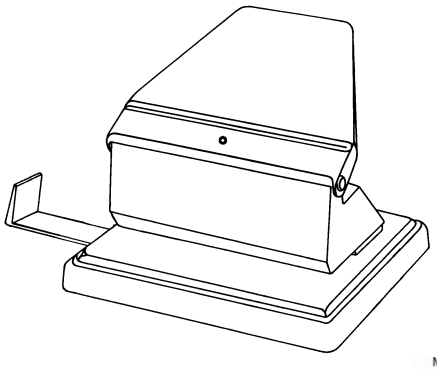
**Risks**

- Remote risk of ingestion.

**Recommendations**

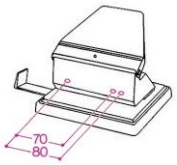
- Do not leave corner clips within reach of children.

# "ZENITH" 787
## PERFORATOR



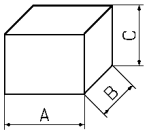
## Materials:
- made in metal with anti-scratch and sliding rubber base for collecting paper for disposal and ABS guide
- lead free enamel painting highly resisting wear and corrosion

## Technical / functional features:



- **Distance between the two holes:** 70 or 80 mm

| | |
|---|---|
| • **Hole diameter:** | 5,5 mm |
| • **Punching capacity :** | 15 sheets (80 g/mq) |
| • **Colours:** | BLACK - GREEN |
| • **Guide:** | in ABS, supplied with the perforator |
| • **Weight:** | 625 g (net) / 680 g(gross) |
| • **Box dimensions:** | 12,7 x 11,5 x 10,7 cm |
| • **N° of items per carton:** | 30 (packets of 3 pieces) |
| • **Carton dimensions:** | 47,5 x 38 x 39,5 cm (AxBxC) |
| • **Carton weight:** | 21,5 Kg |



## Descriptive notes:
"ZENITH" 787 is a strong and practical perforator and with the slightest effort it makes perfect holes (diameter 5,5 mm) positioned 70 or 80 mm between each other, at user's discretion.

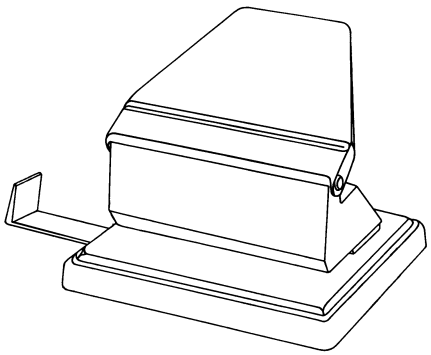
**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each perforator is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

**In addition:** it is possible to use "ZENITH" 787 with little effort for up to 15 sheets because of its punches which are made in drawn and ground steel; also, the guide and cutter holes are ground with perfect gauging. Paper positioning is easier thanks to the practical ABS guide, standard supplied.

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of finger pinching into the gap between the base and the handle of the perforator during punching.

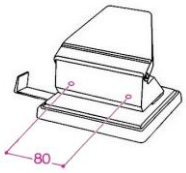
**Recommendations**
- Avoid inserting fingers into the gap between the base and the handle of the perforator during punching;
- Do not leave the hole punch within reach of children without adult supervision.

# "ZENITH" 788
## PERFORATOR



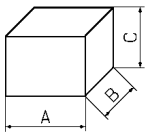
## Materials:
- made in metal with anti-scratch and sliding rubber base for collecting paper for disposal and ABS guide
- lead free enamel painting highly resisting wear and corrosion

## Technical / functional features:



- **Distance between the two holes:** 80 mm

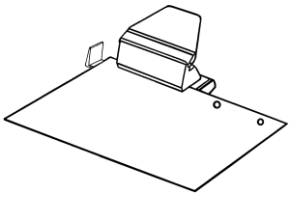
| | |
|---|---|
| • **Hole diameter:** | 5,5 mm |
| • **Punching capacity :** | 15 sheets (80 g/mq) |
| • **Colour:** | ALUMINIUM |
| • **Guide:** | in ABS, supplied with the perforator |
| • **Weight:** | 610 g (net) / 665 g(gross) |
| • **Box dimensions:** | 12,7 x 11,5 x 10,3 cm |
| • **N° of items per carton:** | 30 (packets of 3 pieces) |
| • **Carton dimensions:** | 47,5 x 38 x 39,5 cm (AxBxC) |
| • **Carton weight:** | 21 Kg |



## Descriptive notes:
"ZENITH" 788 is a practical perforator with strong construction and effortless working. The only difference from the "ZENITH" 787 is the distance between the holes of 80 mm.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each perforator is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

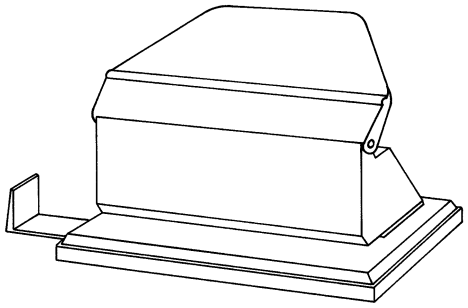
**In addition:** it is possible to use "ZENITH" 788 with little effort for up to 15 sheets because of its punches which are made in drawn and ground steel; also, the guide and cutter holes are ground with perfect gauging to ensure the best precision. By positioning the standard supplied adjustable guide in 3 ways, it is possible to make:
- 2 or 4 holes centred on the long side of the sheet UNI A4 size (210x297 mm)
- 2 holes centred on the short side of the sheet UNI A5 size (210x148 mm).



### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of finger pinching into the gap between the base and the handle of the perforator during punching.

**Recommendations**
- Avoid inserting fingers into the gap between the base and the handle of the perforator during punching;
- Do not leave the hole punch within reach of children without adult supervision.

# "ZENITH" 888
## PERFORATOR



## Materials:

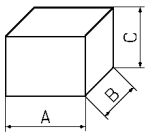
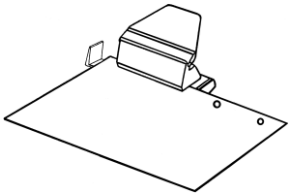
|---|---|
| • **Hole diameter:** | 5,5 mm |
| • **Punching capacity :** | 10 sheets (80 g/mq) |
| • **Colour:** | ALUMINIUM |
| • **Guide:** | in ABS, supplied with the perforator |
| • **Weight:** | 305 g (net) / 340 g (gross) |
| • **Box dimensions:** | 12 x 8,2 x 8,2 cm |
| • **N° of items per carton:** | 60 (packets of 3 pieces) |
| • **Carton dimensions:** | 47x 38 x 35 cm (AxBxC) |
| • **Carton weight:** | 21,5 Kg |



## Descriptive notes:
"ZENITH" 888 is a smaller but equally strong version of the range of "ZENITH" perforators. It has an ABS guide for quick and exact positioning of the sheets; it is practical, handy and also offers effortless working. In fact, with the slightest effort it is possible to make perfect holes (diameter 5,5 mm) positioned 80 mm between each other.

**Quality:** to maintain the high quality standard guaranteed by all "ZENITH" products, each perforator is tested piece by piece. ***Life-Guarantee for manufacturing defects.***

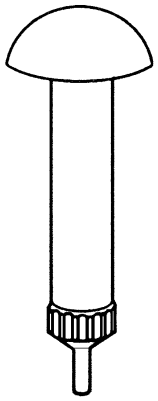
## In addition: precision is ensured by the punches which are in drawn and ground steel.
By positioning the adjustable guide in 3 ways, it is possible to make:
- 2 or 4 holes centred on the long side of the sheet UNI A4 size (210x297 mm)
- 2 holes centred on the short side of the sheet UNI A5 size (210x148 mm).



### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of finger pinching into the gap between the base and the handle of the perforator during punching.

**Recommendations**
- Avoid inserting fingers into the gap between the base and the handle of the perforator during punching;
- Do not leave the hole punch within reach of children without adult supervision.

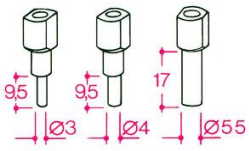
# "ZENITH" 835
## PAPER DRILL



## Materials:
- made in ABS plastic
- hollow punches in hardened steel

### Technical / functional features:

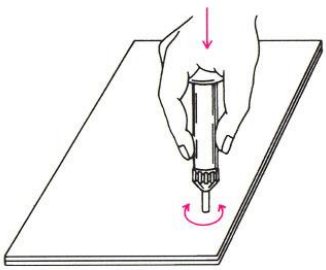
### Hole diameter and punching capacity (mm)



| | |
|---|---|
| **Available hollow punches:** | 3 (at customer's choice) |
| **Colour:** | BLACK / GREY |
| **Weight:** | 36 g (net) / 55 g (gross, including three assorted hollow punches) |
| **Box dimensions:** | 6 x 4,8 x 12,2 cm |
| **N° of items per packet:** | 10 |

### Descriptive notes:
"ZENITH" 835 paper drill can perforate accurately and quickly paper, cloths, rubber, leather, etc. from 9,5 to 17 mm in thickness, based on the diameter of the hollow punches.
These are in hardened steel and can make holes of 3 - 4 - 5,5 mm diameter.
"ZENITH" paper drill is also available with one punch **(ref.833)**; two punches **(ref.834)** or without punches **(ref.836)**.
The hollow punches are supplied in the following possible packaging:
- **ref.850/bis:** box of 12 pieces, assorted in the three sizes or all of the same size requested by the customer.
- **ref. 850 Ø 3**: transparent plastic shell containing only one hollow punch diam. mm. 3
- **ref. 850 Ø 4**: transparent plastic shell containing only one hollow punch diam. mm. 4
- **ref. 850 Ø 5,5**: transparent plastic shell containing only one hollow punch diam. mm. 5,5

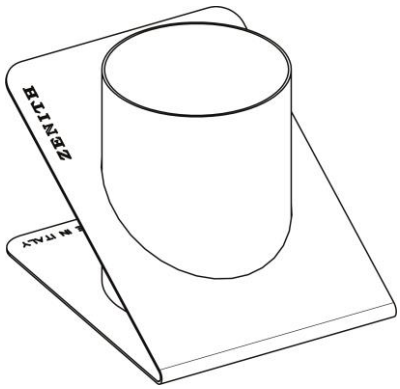
**Using the drill:** lay its point vertically on the surface you wish to perforate and press turning the drill in both directions.



### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Remote risk of injury from the punch, which has a sharp edge;
- Accidental cuts can be prevented by storing the punch inside the drill during periods of non-use.

**Recommendations**
- It is recommended to exercise caution while drilling materials and when changing punches;
- It is recommended to store the punch in its designated holder during periods of non-use;
- Do not leave the drill accessible to children without adult supervision.

# "ZENITH" 820
## PEN HOLDER

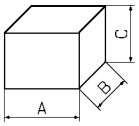


## Materials:
- base made in painted metal, lead free enamel painting highly resisting wear and corrosion
- nickel-plated pen holder cylinder
- supplied with a base protecting disc

MADE IN ITALY

### Technical / functional features:

| | |
|---|---|
| **Pen holder cylinder:** | Ø (internal) 67 mm |
| **Colour:** | BLACK - WHITE - RED BORDEAUX - BLUE |
| **Weight:** | 490 g (net) / 517 g (gross) |
| **Box dimensions:** | 12,2 x 10 x 9,2 cm |
| **N° of items per carton:** | 12 (packets of 4 pieces) |
| **Carton dimensions:** | 45 x 29 x 21 cm (AxBxC) |
| **Carton weight:** | 7 Kg |



### Descriptive notes:

The new "ZENITH" pen holder ref. 820 is an object with a unique and special design, characterised by simple and essential lines, whose innovative shape is protected at patent level as a Utility Model.
It consists of two components made entirely in metal, with a nickel-plated pen holder cylinder and a base painted in the four available colours: red bordeaux, blue, black and white.

**Quality: Life-guarantee for manufacturing defects.**

**In addition:** unlike the other pen holders currently in use, generally consisting of a single piece (glass) to be placed on the desk, and mostly devoid of the necessary stability in case of accidental impacts, the ZENITH 820 pen holder guarantees absolute stability in every situation, given by the size and strength of the base where the pen holder cylinder is inserted.
Even the packaging is particularly accurate in the graphics, presenting the product at its best in its different colours.

### Product Safety (Regulation (EU) 2023/988):

**Risks**
- Since this is a stationary item, there are no particular risks.

**Recommendations**
- There are no specific recommendations.

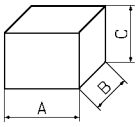
# "ZENITH" 821
## MAGNETIC CLIP HOLDER

## Materials:
- base made in painted metal, lead free enamel painting highly resisting wear and corrosion
- clip holder cylinder in drawn, nickel-plated and polished steel
- supplied with a magnetic rubber base

MADE IN ITALY

### Technical / functional features:

| | |
|---|---|
| **Clip holder cylinder:** | Ø (internal) 67 mm |
| **Colour:** | BLACK - WHITE - BURGUNDY RED - BLUE |
| **Weight:** | 202 g (net) / 220 g (gross, including No. 10 "ZENITH" corner clips ref. 815) |
| **Packaging:** | box containing a clip holder and No. 10 "ZENITH" corner clips ref. 815 |
| **Box dimensions:** | cm 7,8 x 7,8 x 6,3 cm |
| **N° of items per carton:** | 12 (packets of 4 pieces) |
| **Carton dimensions:** | 33 x 18 x 17 cm (AxBxC) |
| **Carton weight:** | 3,1 Kg |



### Descriptive notes:

The new "ZENITH" clip holder ref. 821 is an object with a unique and special design, characterised by simple, essential and original lines.
It consists of two components made entirely in metal, with a nickel-plated clip holder cylinder and a base painted in the four available colours: burgundy red, blue, black and white.

**Quality: Life-guarantee for manufacturing defects.**

### In addition:
The clip holders are supplied with a “magnetic” rubber base.
Even the packaging is particularly accurate in its graphics, presenting the product at its best in its different colours.

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Since this is a stationary item, there are no particular risks.

**Recommendations**
- There are no specific recommendations.

# "ZENITH" 825
## DESK LETTER HOLDER

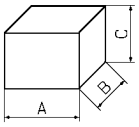
## Materials:

- Made of metal, with lead-free enamel painting highly resisting wear and corrosion

MADE IN ITALY

### Technical / functional features:

| | |
|---|---|
| **Colour:** | BLACK - WHITE - BURGUNDY RED - BLUE |
| **Weight:** | 222 g (net) / 232 g (gross) |
| **Box dimensions:** | cm 21 x 7,8 x 4,3 |
| **N° of items per carton:** | 12 (packets of 4 pieces) |
| **Carton dimensions:** | 34 x 29 x 21 cm (AxBxC) |
| **Carton weight:** | 3,4 Kg |



### Descriptive notes:
The new “ZENITH” desk letter holder ref. 825 is an object with an original design, characterized by simple and essential lines, ideal for managing correspondence in the best possible way.
Made entirely of metal, particularly stable, it is available in four colours: burgundy red, blue, black and white

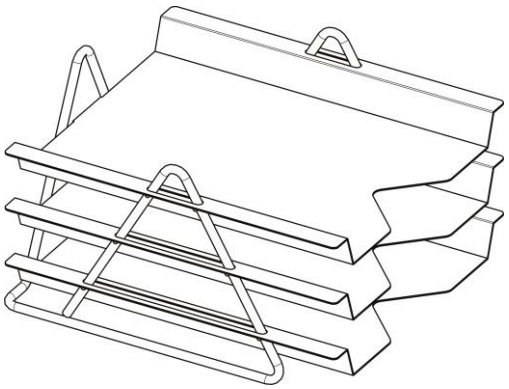
**Quality:** **Life-guarantee for manufacturing defects.**

### In addition:
Even the packaging is particularly accurate in its graphics, presenting the product at its best in its different colours.

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Since this is a stationary item, there are no particular risks.

**Recommendations**
- There are no specific recommendations.

# "ZENITH" 830
## LETTER TRAY

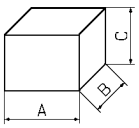


## Materials:
- Support made of nickel-plated metal
- Trays made of metal, with lead-free enamels painting highly resisting wear and corrosion

MADE IN ITALY

### Technical / functional features:

| | |
|---|---|
| **Letter trays:** | No. 3, one above the other |
| **Trays dimensions:** | for A4 sheets up to cm 23 x 32 |
| **Colour:** | BLACK - WHITE |
| **Weight:** | 4445 g (net) / 4850 g (gross) |
| **Box dimensions:** | 29 x 33 x 19,5 cm |
| **N° of items per carton:** | 1 |
| **Carton dimensions:** | 38 x 32,5 x 24 cm (AxBxC) |
| **Carton weight:** | 5,6 Kg |



### Descriptive notes:
The "ZENITH" letter tray, whose innovative shape is protected by a utility model patent, combines the characteristics of sturdiness, functionality and design that have always distinguished "ZENITH" products.

**Quality: Life-guarantee for manufacturing defects.**

### In addition:
The particular shape of the nickel-plated support, made of a single piece, in addition to guaranteeing the stability of the trays, makes the letter tray an object with a refined design. The filing system with three metal compartments, equipped with a large central space, allows convenient access to documents.

### Product Safety (Regulation (EU) 2023/988):
**Risks**
- Since this is a stationary item, there are no particular risks.

**Recommendations**
- There are no specific recommendations.

# “ZENITH” 831

## POCKET EMPTIER

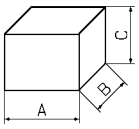
## Materials:

- Made entirely in metal
- Lead-free and cadmium-free enamel painting highly resisting wear and corrosion, and with highly functional additive for releasing silver ions.

MADE IN ITALY

### Technical / functional features:

| | |
|---|---|
| **Colours:** | BLACK JEANS – BLUE JEANS |
| **Weight:** | 360 g (net) / 420 g (gross) |
| **Anti-sliding feet:** | rubber feet, applicable |
| **Box dimensions:** | cm 16,2 x 25 x 2,25 |
| **N° of items per carton:** | 12 |
| **Carton dimensions:** | 32,5 x 27 x 21 cm (AxBxC) |
| **Carton weight:** | 5,5 Kg |



### Descriptive notes:

The new “POSETTO” “ZENITH” pocket emptier ref. 831 is an object with an original design, characterized by simple and essential lines, that can easily fit any surface (desks, tables, shelves, etc.)

It is suitable to contain small objects such as coins, business cards, keys or receipts, and particularly solid and stable, thanks also to the possibility of applying adhesive anti-sliding feet.

Available in black or blue colours with the same "jeans texture" effect of the "ZENITH" 548/E JEANS stapler.
For this reason the surface has a light, pleasant roughness, which reminds of Denim fabric.

### In addition:

The special additive for releasing highly functional silver ions allows the formation of a protective film on the whole object, which is resistant to attacks by strains of Gram-negative and Gram-positive bacteria.

The packaging is particularly accurate in its graphics, presenting the product at its best in its two different colours.

### Product Safety (Regulation (EU) 2023/988):

**Risks**

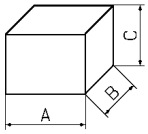
- Since this is a stationary item, there are no particular risks.

**Recommendations**

- There are no specific recommendations.

# “COCCOINA” WHITE ADHESIVE PASTE

| Item | | Net/Gross Weight (g) | Pieces per box | Pieces per carton | Carton dimensions (AxBxC) (cm) | Carton weight (kg) |
|---|---|---|---|---|---|---|
| **608** - 125 g | Plastic can with brush | 125 / 160 | 20 | 120 | 45,5 x 38 x 29,5 | 20 |
| **603** - 125 g | Aluminium can with brush | 125 / 160 | 10 | 120 | 43,5 x 36 x 27 | 21 |
| **603/P** - 125 g | Aluminium can with brush and coloured label | 125 / 160 | 10 | 120 | 43,5 x 36 x 27 | 21 |
| **610** - 1000 g | Plastic can | 1000 / 1080 | - | 18 | 41 x 38 x 27 | 21 |
| **615** - 5000 g | Plastic can | 5000 / 5400 | - | 2 | 48 x 28,5 x 27 | 13 |



**Composition:** glue based on dextrine of potato flour in water (solvent free)

**Maintenance:** for longer usage, replace the cap tightly after each application. Maximum period of storage: not more than 12 months.

## Descriptive notes:

“Coccoina” white adhesive paste is available in the traditional and popular aluminium tins or in plastic cans, with brushes; both ensure preservation of the glue.
“Coccoina” paste is unique because of its almond fragrance and it glues paper, cloths, photos, labels...
Easy to use and apply, it is ideal for children, because it is absolutely solvent free and harmless.

## Product Safety (Regulation (EU) 2023/988):

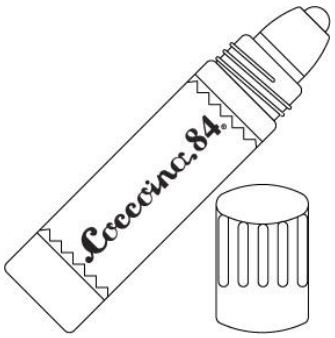
### Risks

- The glue has a particularly pleasant appearance, with a characteristic almond scent. It is known that more than one user has been tempted to taste it. However, since this is a glue and not a food product, such behavior is not appropriate.
- The glue is not classified as a hazardous substance or mixture under the REACH Regulation, as stated in the Information Sheet available upon request.

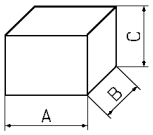
### Recommendations

- The product must not be ingested.
- Do not leave the product within reach of children without adult supervision.

# “COCCOINA” LIQUID GLUE



| Item | | Net/Gross weight (g) | Pieces per box | Pieces per carton | Carton dimensions (AxBxC) (cm) | Carton weight (kg) |
|---|---|---|---|---|---|---|
| **688** - 25 g | Small plastic tube with rubber applicator | 25 / 38 | 30 | 480 | 52,5x31x25,5 | 19,5 |
| **684** - 50 g | Small plastic tube with sponge applicator | 50 / 70 | 20 | 240 | 38x32x29,5 | 18 |
| **681** - 100 g | Tube with sponge applicator | 100 / 118 | 10 | 120 | 40x49,5x22 | 16,5 |
| **680** - 1000 g | Plastic bottle | 1000 / 1100 | - | 10 | 37,5x19,5x25 | 12 |



**Composition:** glue based on polyvinyl alcohol (solvent free)

**Maintenance:** after use, replace the cap tightly; if the cap is not completely sealed the glue applicator may become obstructed. However, this can easily be removed by rinsing the applicator with water.

## Descriptive notes:

“Coccoina” liquid glues have the traditional fragrance of the “Coccoina” glues and are suitable for gluing paper, thincards, cardboard, photos, cloths, etc.
The tubes of 25, 50 and 100 g are practical to use, very effective and easy to apply by pressing lightly on the tube. “Coccoina 81” ref. 681, in particular, is remarkable among the liquid glues range both for its size (100 g) and for its original and very functional sponge dispenser; furthermore each little tube may be easily hung as blister.
“Coccoina 81” ref.681 and “Coccoina 84” ref. 684 are suitable for applying glue on large surfaces.
On the other hand, “Coccoina 88” ref.688, with its rubber applicator, is perfect for accurately applying glue to well-defined and limited areas.
All the “Coccoina” liquid glues are suitable for office, home and school use because of their practical features.
The packagings are also practical and effective for desk displays, providing a better presentation of the product on the point of sale.

## Product Safety (Regulation (EU) 2023/988):

### Risks

- As it contains small parts, there is a remote risk of ingestion by children.
- The glue is not classified as a hazardous substance or mixture under the REACH Regulation, as indicated in the Information Sheet available upon request.

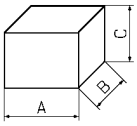
### Recommendations

- Do not leave the product within reach of children without adult supervision.

# LIQUID GLUE

| Item | | Net/Gross weight (g) | Pieces per packaging | Pieces per carton | Packaging dimensions (cm) | Carton dimensions (AxBxC) (cm) | Carton weight (kg) |
|---|---|---|---|---|---|---|---|
| **685** – 50 g | Small tube with dispenser | 50 / 60 | 12 | 240 | 155 x 155 x 55 | 57 x 32 x 23 | 16,5 |
| **685 A.A.**(1) – 50 g | Small tube with dispenser | 50 / 73 | 1 | 120 | 50 x 25 x 177(2) | 47 x 38 x 35 | 10 |

*(1) Hangable cardboard case*
*(2) Height including buttonhole*



**Composition:** transparent glue based on polyvinyl alcohol (without solvents).

**Maintainance:** after use, replace the cap tightly.

## Descriptive notes:

é.Coccoina® is a strong, universal liquid glue for paper.

In addition to the traditional almond fragrance, é.Coccoina® stands out for its "Eco-friendly" contents:

New formula: **more than 80% natural components**.

Tube: realised with **more than 70% material pf plant origin** (sugar cane). This special bio-based polyethylene, **certified "I'm green - BIO-BASED" by ASTM**, in replacement of fossil raw materials, significantly contributes **to reducing the overall greenhouse gas emissions** of the plastic chain.

## In addition:

The 12-piece pack and the one-piece hanging case **are made from 90% recycled cardborad, and FSC-certified**.

é.Coccoina® Enriches the already wide range of glues producted by Balma, Capoduri & C., which includes white adhesive paste, liquid glues, vinyl glues and glue sticks.

## Product Safety (Regulation (EU) 2023/988):

### Risks

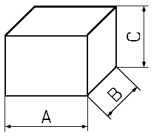
- As it contains small parts, there is a remote risk of ingestion by children.
- The glue is not classified as a hazardous substance or mixture under the REACH Regulation, as indicated in the Information Sheet available upon request.

### Recommendations

- Do not leave the product within reach of children without adult supervision.

# “COCCOINA MIA”
# WHITE VINYL GLUE

| Item | | Net/Gross weight (g) | Pieces per packaging | Pieces per carton | Carton dimensions (AxBxC) (cm) | Carton weight (kg) |
|---|---|---|---|---|---|---|
| **665** - 50 g | Small plastic tube with dispenser | 50 / 60 | 12 | 240 | 57x31,5x21 | 16,5 |
| **668** - 25 g | Small coloured plastic tube with dispenser | 25 / 30 | 30 | 120 | 43,5x43,5x27 | 5,4 |
| **660** - 1000 g | Plastic bottle | 1000 / 1100 | - | 10 | 37,5x19,5x25 | 12 |



**Composition:** white vinyl glue based on polyvinyl acetate (solvent free)

**Maintenance:** replace the cap tightly, after use.

## Descriptive notes:

"Coccoina Mia", the white vinyl glue of "Coccoina" line, presents a new size: the brand new coloured little tubes of 25 g. (ref. 668) join the already innovative 50 g tube (ref. 665) and the 1000 g bottle (ref. 660).
They are supplied inside an original nice plastic ball display (dimensions cm. 20 x 20 x 25) containing 30 pcs., perfect for each point of sale, where the pocket size tubes in red, greed and yellow are clearly visible.
"Coccoina Mia" is a white vinyl glue, non toxic, which maintains the traditional almond fragrance of all "Coccoina" glues; it is perfect to glue paper, wood, cloths, etc. and thanks to its little dimensions it is particularly fit for school, as it can be easily put into every pencil-case.
"Coccoina Mia" enriches the already wide range of "Coccoina" glues manufactured by Balma, Capoduri & C., which includes adhesive paste, liquid glues and stick glues.

## Product Safety (Regulation (EU) 2023/988):

### Risks

- As it contains small parts, there is a remote risk of ingestion by children.
- The glue is not classified as a hazardous substance or mixture under the REACH Regulation, as indicated in the Information Sheet available upon request.

### Recommendations

- Do not leave the product within reach of children without adult supervision.

# “COCCOINA” GLUE STICK

| Stick 20 g | 8009613642029 |
| display-box with 20 sticks ref. 642/M - 20 g | 8009613642050 |
| Master carton with 360 sticks ref. 642/M - 20 g | 8009613642067 |

## Composition:

glue based on polyvinylpyrrolidone (solvent free) **NEW FORMULA more adhesive and more compact**

## Maintenance:

replace the cap tightly after use.

## Descriptive notes:

The new "Coccoina" glue stick, in the 20 g size (item 642/M), offers quick, easy, and effective adhesion for paper, cardboard, photos, fabrics, and more. Its solvent-free formula makes it an environmentally friendly choice.
The most noticeable innovation is its updated design: a bold electric blue body combined with a green cap and twist base, enhanced by the addition of the “Mandorlina” mascot – specially created to appeal to younger users.
In addition to the new look, the improved formula provides stronger adhesive power and a smoother, more compact application.
Of course, it still retains the classic “Coccoina” almond fragrance, is completely non-toxic, and can be easily washed off with water.
The 20-stick display box has also been redesigned to match the new graphics, offering enhanced visibility and increased sales potential.

### Product Safety (Regulation (EU) 2023/988):

**Risks:**

- It contains small parts, so there is a remote risk of ingestion by children;
- The glue is not classified as a hazardous substance or mixture under the REACH Regulation, as indicated in the Information Sheet available upon request.

**Warnings:**

- Do not leave the product accessible to children without adult supervision.

# CAN OF ASSORTED "COCCOINA" GLUES REF. 600/C

MADE IN ITALY

| | |
|---|---|
| • **Can dimensions:** | Ø mm 133 x 260 h |

| • **Carton dimensions:** | cm 57 x 32 x 23 (AxBxC) |
| • **Carton weight:** | 2,80 Kg. |

MADE IN KOREA

**Descriptive notes:** "Coccoina Tape" is ideal for precision corrections (single letter or whole sentence); very good covering efficacy, it is possible to re-write immediately over the tape. Handy, quick and easy to use, non-toxic.

## Product Safety (Regulation (EU) 2023/988)
### Risks
- The product does not present any risks.

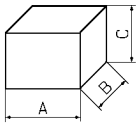
### Recommendations
- None under normal conditions of use.
- Do not leave the product within reach of children without adult supervision.

# "Coccoina" ref. 654
## SCENTED CANDLE

## Materials:
- Soy wax (55%) and Paraffin (45%);
- Cotton wick;
- Aluminum tin

### Specifications:

| | |
|---|---|
| • **Burning time:** | 16 hours (+/- 1 hour) |
| • **Fragrance:** | bitter almond |
| • **Packaging:** | box containing a candle |
| • **Box dimensions:** | cm 9 x 9 x 7,4 h |
| • **Weight:** | 90 g (net) / 147,50 g (gross) |
| • **N° of items per carton:** | 36 (packets of 3 pieces) |
| • **Carton dimensions:** | cm 57 x 32 x 23 h (AxBxC) |
| • **Carton weight:** | 6,50 Kg. |
| • **Barcode:** | 8009613654008 |
| • **Carton barcode:** | 8009613654367 |



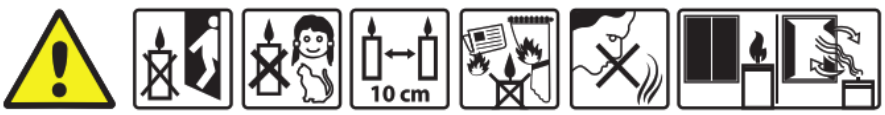
### Descriptive notes:
“Coccoina” is now also an almond scented candle, with the same unmistakable fragrance that has always characterized “Coccoina” glues, in the same iconic aluminum tin of the famous adhesive paste (90 g content).

Made in Italy, like all "Coccoina" products, it has an excellent quality for all its components (wax and wick), with a burning duration of approximately 16 hours.

The packaging is also particularly refined, with a blue background label which almost faithfully recalls the one of the glue tin, while the cardboard package, containing one tin, best presents the contents with nice, linear and appealing graphics.

### Product Safety (Regulation (EU) 2023/988):
#### Risks
- The candle is not classified as a hazardous substance or mixture under the REACH Regulation, as indicated in the safety data sheet available upon request.
- All risks typically associated with the use of candles are, of course, present, as clearly stated on the bottom of the tin and on the packaging.

#### Recommendations
As with all candles:
- do not leave the candle burning when leaving the room;
- do not leave the candle burning within reach of pets or children without adult supervision;
- avoid placing two burning candles close to each other;
- keep the lit candle away from flammable materials (paper, fabrics, etc.);
- avoid directly inhaling the candle smoke;
- after using the candle, make sure to properly ventilate the room;
- the product must not be ingested.



# "Coccoina" ref. 658

## ALMOND-SCENTED HOME FRAGRANCE

MADE IN ITALY

## Materials:

- Cylindrical glass bottle containing almond-scented liquid
- Polyester fiber sticks
- Refill: Plastic bottle containing almond-scented liquid

## Specifications:

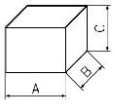
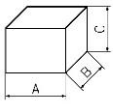
| • **Carton barcode:** | 8009613658020 |



## ALMOND-SCENTED REFILL REF. 658/R

| | |
|---|---|
| • **Plastic bottle:** | capacity of 100 ml |
| • **Fragrance:** | bitter almond |
| • **Package contents:** | n.1 refill<br>(the sticks are not included) |
| • **Box dimensions (mm):** | 45 x 45 x 100 h |
| • **Net/Gross weight:** | 107 g / 117 g |
| • **N° of items per carton:** | 24 (packets of 3 pieces) |
| • **Carton dimensions:** | cm 30 x 20 x 17,5 h (AxBxC) |
| • **Carton weight:** | 3,11 Kg. |
| • **Barcode:** | 8009613658013 |
| • **Carton barcode:** | 8009613658037 |



**Descriptive Notes:** The characteristic almond scent, which has always distinguished the historic Coccoina brand, becomes the star of this elegant fragrance diffuser, perfect for creating a cozy and refined atmosphere in any room. Made in Italy with high-quality materials, the diffuser consists of a glass bottle with an essential design (100 ml capacity) and eight polyester fiber sticks that release the fragrance up to 2 months. The packaging, meticulously designed, reflects the visual identity of the Coccoina brand, while the cardboard box enhances its simple yet elegant aesthetic.

Once the scented liquid is finished, the olfactory experience can be extended with the dedicated refill (item 658/R), which can be purchased separately.

## Product Safety (Regulation (EU) 2023/988):

**Risks:**

- The diffuser and refill are not classified as hazardous substances or mixtures under the REACH Regulation, as indicated in the safety data sheet available upon request.
- No risks under normal usage conditions.

**Warnings:**

- The product must not be ingested.
- Keep out of reach of children without adult supervision.

# “COCCOINA” PAPER PRODUCTS – Vintage Line

Covers made in embossed ivory paper with vintage pictures, internal pages in ivory paper (85 g/sqm) with almond fragrance.

| Ref. | | Size | No. of pages | Weight (g) | Pcs. per packing |
|---|---|---|---|---|---|
| **672** | notepad | A5 (148x210 mm) | 50 | 163 | 5 |
| **673** | notepad | A4 (210x297 mm) | 50 | 325 | 5 |
| **674** | soft cover notebook with rounded edges | A6 (105x148 mm) | 32 | 50 | 5 |
| **676** | hard cover ruled notebook with elastic closure | A6 (105x148 mm) | 96 | 165 | 5 |
| **678** | soft cover wirebound ruled notebook with elastic closure | A5 (148x210 mm) | 64 | 245 | 5 |

Each article is packaged in a transparent envelope, labelled with description and barcode. The packages of 5 pcs. are wrapped in personalised "Coccoina" paper band.

## Product Safety (Regulation (EU) 2023/988):

### Risks

- There is a remote risk associated with the ingestion of the transparent pouches by children.

### Recommendations

- Do not leave the product within reach of children without adult supervision;
- The product must not be ingested.

## Desk display:

| Ref. | Dimensions cm | Pcs. per box | Contents |

## Descriptive notes:

The Vintage line of "Coccoina" paper products, which includes different sizes of notepads and notebooks, is finely crafted with high quality standards. The covers show beautiful and rare ancient pictures of the old famous "Coccoina" advertising campaigns, all in an elegant vintage style, while the internal pages are imbued with the traditional almond fragrance of all "Coccoina" glues.
In order to help the introduction and visibility of the products in the points of sale a new desk display has been realized, with a pleasant and simple design, which contains four pcs. of each article in addition to four aluminium tins of "Coccoina" adhesive paste.
This initiative, which was presented as a preview at Paperworld 2015 in Frankfurt, is no doubt a means to strengthen "Coccoina" trademark on stationery market, with articles which fit well with the wide and well-known range of glues for home, school and the office.

# “COCCOINA” PAPER PRODUCTS – Pastel line

Covers in plain cardboard whith pastel colours, internal pages in ivory paper (85 g/sqm) with almond fragrance.

MADE IN ITALY

| Ref. | | Size | No. of pages | Weight (g) | Pcs. per packing |
|---|---|---|---|---|---|
| **671/P** | pastel ruled wirebounded notepad | A6 (105x148 mm) | 50 | 80 | 4 |

|---|---|---|---|
| **670/P** | 31,5 x 33,5 x 29,5 | 1 | n.4 · art. 671/P, n.4 · art. 672/P<br>n.4 • art. 674/P, n.4 · art. 678/P<br>n.8 · art. 603/P (Coccoina glue in aluminium tin) |

## Descriptive notes:

After the success of the first line of paper products in "Vintage" style, with beautiful and rare ancient pictures of old "Coccoina" advertising campaigns, here comes a new assortment characterized by covers in four modern Pastel colours. The new "Pastel" line includes two ruled wirebounded notepads, in A5 and A6 sizes, and two softcover notebooks elegantly stitched, still in A5 and A6 sizes. All the covers are decorated with an embossed trimming which recalls the original one on the label of "Coccoina" aluminium tin… while the internal pages, in ivory paper of 85 g/sqm, are imbued with the characteristic almond fragrance of all "Coccoina" glues. Each article is packaged in a single transparent envelope, labelled with description and barcode. The packaging is also particularly accurate, with personalised "Coccoina" paper bands. In order to enhance the visibility of the products in the points of sale, a new countetr display has also been realized, with a pleasant and simple design, which contains four pcs. of each article in addition to four aluminium tins of "Coccoina" adhesive paste. The aluminium tins supplied with the display (but also available in their display boxes of 10 pcs.) have something new (ref. 603/P): the labels are also in the same Pastel colours of the notepads and notebooks they come with, for a pleasant colour matching!
